

IVSA Taskforce on Manuals CALL FOR A MEMBER

Dear IVSA member,

As you might now, the IVSA Wikipage (www.wiki.ivsa.org) is the place where you can find the IVSA constitution and bylaws. Next to this, you can also find several **manuals** on different subjects there. These are used to explain the bylaws more and 'give a practical hand', which makes them very useful.

During the Special General Assembly in Raleigh, USA (last January) online attendance was used, as quorum was not reached for this event. IVSA ExCo faced some problems and difficulties regarding online attendance and wants to make sure online attendance can be used more smoothly in the future. Therefore, ExCo decided a **taskforce for writing a manual on online attendance** should be established. Next to writing a manual on online attendance, the ExCo aims on going through the manual on the general assembly (GA) as well, to check if things need to be updated.

First steps towards establishment of the taskforce have been made and there was decided that this taskforce will consist of members of ExCo, a member of Trust, a member of the Secretariat and an (active) IVSA member! So, we are now **looking for you!**

Are you the IVSA member who is able and motivated to join the taskforce and help us? Send your motivation before the **7th of April 2017** (max. 200 words) via email to the Secretary General on secretarygeneral@ivsa.org.

Looking forward to receive your emails!
