The official IVSA corporate identity is further defined in the IVSA corporate identity manual. Any changes to the corporate identity of IVSA need to be accepted by the General Assembly.

The official IVSA corporate identity can only be used with explicit permission from the Executive Committee of IVSA, and by the Organizing Committees of Congresses and Symposia after the hosting Member Organizations have been elected.

### **I.2. Official relationships**

Official relationships of IVSA with other organizations shall be based on health, education, science, social and humanitarian affairs.

The decision to establish an official relationship with another organization can be initiated by the Executive Committee and must be approved by the General Assembly or can be decided by the General Assembly and must be pursued by the Executive Committee.

Any communication or co-operation with an external organization, institution, or partner of IVSA, either on behalf of IVSA or concerning an official project of IVSA, must be approved, and supervised by the Executive Committee.

Any binding agreement with an external organization, institution, or partner of IVSA lasting two (2) years or less may be decided upon by the Executive Committee. Any binding agreement lasting longer than two (2) years must be decided upon by the General Assembly.

### **1.3. Code of Conduct**

The Code of Conduct [\[1\]](#) outlines parameters of behaviour and rules of engagement that must be followed by IVSA members at all times when attending an IVSA event and communicating with other IVSA members. The most recent version of the Code of Conduct must be made available on the IVSA website.

The Code of Conduct may be amended after approval of the Executive Committee. Changes have to be reported at the next session of the General Assembly. The General Assembly also has the power to amend the Code of Conduct.
