

Guide to Completing Your Screening Declaration Form:

The MOD Team has since revised the screening process and from now on, any member that applies for international events, regional teams, standing committees, or anything else which requires a screening process, shall have to do the following:

-> On the online application form (if you are applying for any congress/symposium/regional team/standing committee/anything else where we would need to screen members), you will see that there is a document the applicant has to download called, "Declaration Confirming Membership".

-> The applicant has to download this document, email the national MO using their OFFICIAL emailing address and ask for the national President or University representative on their MO's national board to sign.
(This means that at any time, should the MOD Team need to verify anyone as a member, you will have the documentation stored in your inbox and can simply send it to us, if and when required.)

-> The MO will reply back to the student with the completed declaration form.

-> The student can go back to the online application form, complete the form with all their details, upload the completed declaration form and submit! Voila!

-> PLEASE do not type your names or initials where a signature is required. We need your actual signature. If you need any help for this, please contact our team and we can suggest ways to do this relatively easily!

-> Please check your emails regularly to ensure that you do not cost anyone an opportunity to apply for any spots!

-> I have included an example of how this form should be completed.

-> Try out <http://www.onlinesignaturecreator.com> to create online signatures! It is quick and easy!

Image 1 below shows the template document and Image 2 shows an example of how to complete the form!

-> Please contact us if you have ANY questions about this, or feel free to comment below. It is very possible that others may have the same questions as you and sharing your thoughts is always beneficial.

Date: _____
